WELCOME TO THE SHOW...

ROYAL RANGE

ROYAL RANGE

Our opening range of packages have been put together to suit your essential requirements.

All our packages include an experienced DJ with a music library going across a wide range of genres and a renowned compère to host your event.

In this range, the packages begin with sufficient sound and starter lighting options. Furthermore depending on your personal requirements and the layout of your venue, additions of LCD or projector displays are also included as per package and requirement to display any media or live feeds.

To add the finishing touches, an LED backdrop is included to enhance and bring energy to the dance floor. All packages come with haze fx to bring out the effects of your lightshow.

QUEEN RANGE

Our Queen range of packages brings your entertainment package to life with our unique bespoke DJ booth.

A design like no other, an elegant yet professional finish which transforms this range of packages. Installed with 2 LCD displays and fully controllable LED lighting this bespoke booth design is a throne for any stage.

As our previous range, all packages include an experienced DJ with a vast knowledge of music across all genres. Performance is key for all our DJ's, to be able to perform and entertain the crowd. Interacting using their professional compère skills to ensure your guests are always amused and aware of your itinerary for your event.

KING RANGE

KING RANGE

A range of packages fit for a King! Using the latest technology in lighting, visual and effects, this range goes beyond expectations and gives a whole new definition to ultimate.

A head turning range leaving guests amazed whilst bringing the wow factor to your event.

Our king range showcases a contemporary stylish look, offering our latest custom DJ booth also available with 3 LCD displays.

Packages include LED video wall options to enhance the stage design and bring the concert to you. Whilst our truss system utilizes most of the height, enabling the latest technology of lighting fixtures to be used from a whole new angle. The flexibility of the King range allows us to introduce professional rigging and truss structures in order to produce a stage design which is capable of impacting the whole venue, creating an atmosphere and environment that is surreal to every individual that experiences it.
